

Fitness Trainer Dashboard Edits

21 / 04 / 2021

Salam alaikum brother.

Here are the layout pages for the Dashboard for personal trainers. Please ask your developer to do the needful.

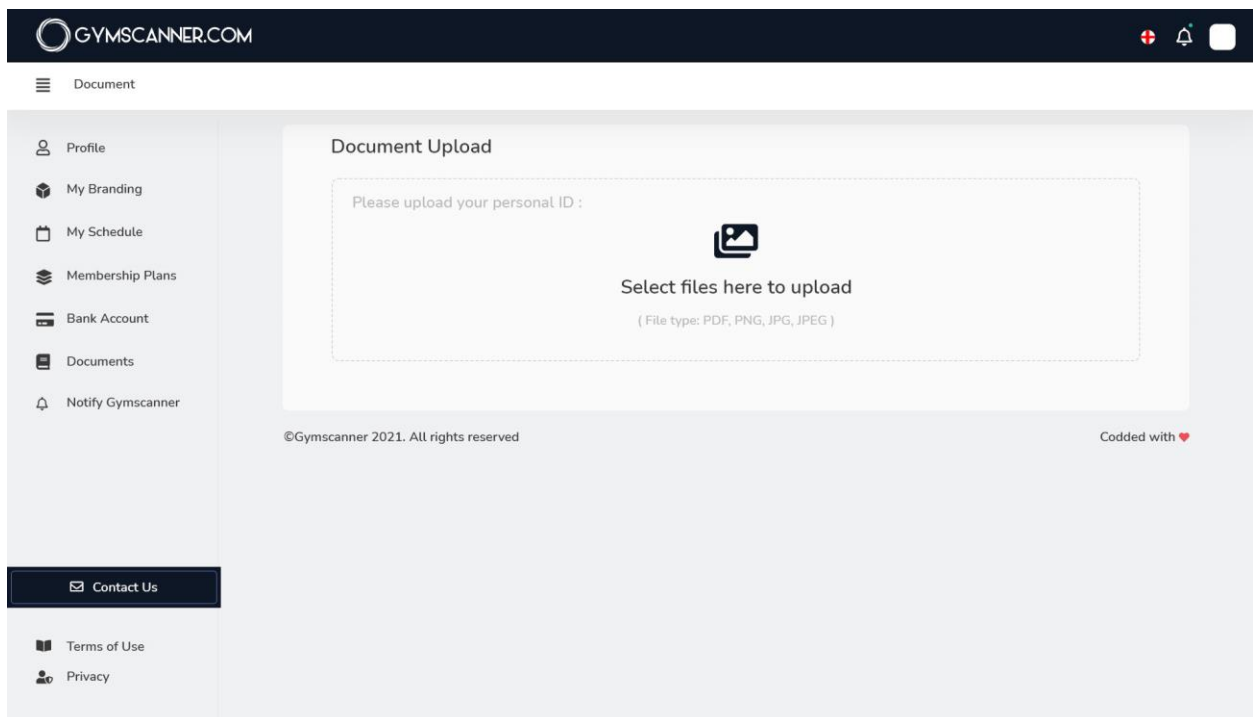

1). Please delete the button of My Schedule. After much thought, we will not be publishing training schedules now. No trainer is going to update his or her schedule every week. So this button is not needed for now.

2). Please see that I have added 3 additional buttons to the left panel at the bottom. They will stay constant in all screens. They are:

Contact Us button

Terms of Use (link to www.gymscanner.com/terms)

Privacy Policy (like to www.gymscanner.com/privacy)

3). The Contact Us page UI is attached. Please check this image.
